

ZAMARED HAMED AL SHABIBI

Software Engineer | Al Mudhaibi, Oman | +968 9095 7299 | zumurudalshabibi@gmail.com
GitHub: github.com/SoftwareEngenOMBettol | Portfolio: softwareengenombettol.github.io/portfolio

PROFESSIONAL SUMMARY

Software Engineering graduate (CGPA 3.77/4.00) with hands-on experience in full-stack web development, cross-platform mobile apps, and AI integration using React.js, Flutter, Python, and cloud databases. Supported 80+ end users in a hospital IT environment and holds 30+ certifications from Oracle, Cisco, Google, and Udacity. Seeking a software development role with measurable impact.

EDUCATION

Bachelor of Software Engineering — University of Technology and Applied Sciences, Ibra, Oman 2022 – 2026
• CGPA 3.77/4.00 — Dean's Honor List at Diploma, Advanced Diploma, and Bachelor levels; honors standing for four consecutive years

PROFESSIONAL EXPERIENCE

IT Support & Software Development Intern — Samad A'Shaan Hospital / Al-Jardah Center, Oman 2026
• Resolved 80+ technical issues for physicians, nurses, and administrative staff, maintaining daily clinical operations
• Developed and deployed a full-stack patient feedback web application using Flask (Python), HTML, and CSS
• Designed 15+ digital assets (posters, ID cards, videos, presentations) using Figma and PowerPoint

TECHNICAL PROJECTS

AI Virtual Assistant — Final Year Project, UTAS Ibra 2026
React.js, FastAPI, Gemini AI, PostgreSQL, JWT
• Built a bilingual (Arabic/English) AI assistant integrated with the university CIMS system; automated PDF report generation and real-time GPA/attendance retrieval, reducing manual work by 90%
• Delivered an admin dashboard with AI-powered FAQ generation, achieving 92% user satisfaction

Tablet Store E-commerce Mobile App 2025
Flutter, Dart, Firebase Firestore, Firebase Auth
• Built a cross-platform app with 50+ product listings and shopping cart; persistent local storage improved performance by 40%

Social Media Web Application 2024
React.js, Node.js, Express, MongoDB
• Developed a full-stack platform with posts, likes, comments, and profiles; JWT authentication securing 100+ accounts; 95% mobile compatibility

Caffeine Cafe E-commerce Website 2023
PHP, MySQL, HTML, CSS, JavaScript
• Built an e-commerce platform with a 30+ product catalog, secure registration for 100+ customers, and an admin panel managing 200+ monthly orders

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, Dart, PHP, SQL, HTML, CSS
Frameworks: React.js, Flutter, FastAPI, Flask, Node.js, Express
Databases & Cloud: PostgreSQL, MySQL, MongoDB, Firebase; AWS AI, Gemini API, Pandas
Tools: Git, VS Code, Figma, Linux, UX Design

PERSONAL SKILLS

- Problem Solving
- Team Collaboration
- Leadership
- Self-Directed Learning
- Attention to Detail

CERTIFICATIONS & AWARDS

- AWS AI Practitioner — Udacity (2026); Generative AI with Google Cloud series (Intro to Gen AI, Gen AI Studio, Encoder-Decoder Architecture, Responsible AI) — Udacity
- Google UX Design Professional Certificate — Google/Coursera (2025); Third Prize, NextGen Coders: The Innovation Challenge — UTAS (2025)
- Ethical Hacker; Intro to Cybersecurity; Data Analytics Essentials; Intro to Data Science; Python, C++ & Linux Essentials — Cisco (2023–2024)
- Java Foundations; Database Programming with SQL — Oracle Academy (2023); IoT Technologies & Cangjie Programming — Huawei ICT Academy
- Resource Speaker, Linux Workshop — UTAS Ibra · Full portfolio of 56 certificates: softwareengenombettol.github.io/portfolio
